Technical Skills

Front-End Technologies

HTML, CSS, JavaScript, React,
Responsive Design, Three.js, GSAP,
TypeScript

Back-End Technologies

Advanced Python, Node.js, Express.js,
Flask, SQLAlchemy, RESTful API's

Databases

SQLite

Additional Skills

Object Oriented Programming (OOP), Git
Version Control, API Integration,
Postman, Unit Testing, Software
Architecture

Design Technologies

Figma, Blender, Gimp, Krita, InkScape,
Illustrator, InDesign, PhotoShop, Premiere
Pro

Soft Skills

Problem-Solving, Teamwork,
Communication, Organization, Eagerness
to Learn, Positive Aura, Dedication

As a Junior Full-stack Engineer holding a Diploma in Graphic Design, I am consistently refining my coding abilities through participation in workshops and hackathons. I have a fervent interest in front-end development, specializing in React and JavaScript, and am equally adept at back-end development utilizing Python.

Education

Masterschool

Jul 2024 - Aug 2025

Software Engineering: Full-Stack Development

Leipzig, Germany

- Participated in Masterschool's training, a global network of schools initiated by industry tech leaders.
- Trained to become a successful software engineer via an immersive online training program.
- Skills acquired in Python, Web Applications, OOP, Databases, SQL, Linux, Flask, HTML, CSS, Docker, Cloud

SAE Quantum Institute

Jan 2018 - Jan 2019

Diploma of Graphic Design

Melbourne, Australia

- Successfully earned a one-year diploma in Graphic Design from the esteemed SAE Quantum Institute, located in Melbourne, Victoria.

Essendon Keilor College VCE Campus

Dec 2012

Victorian Certificate of Education

Melbourne, Australia

- The highest level of schooling education in Victoria.

Projects

Tattoo & Piercing Studio Website

Mar 2025 - Present

Business Website and Database

[GitHub](#)

- Constructed a dynamic Business website utilizing html, css, tailwind, React, JS and GSAP, featuring a fluid responsive UI/UX design with a focus on SEO, ease of use and simple yet effective Call to Action
- Integration of a Python, Flask, SQLAlchemy, SQLite backend to store the necessary data for the Studio and to be received by the front-end for dynamic rendering.

Popcorn Picker

Nov 2024 - Dec 2024

Movie Ratings Application

[GitHub](#)

- Popcorn Picker is a Python-Flask web application for film evaluation and management, utilizing HTML, CSS, and SQLAlchemy with a SQLite database.
- SQLAlchemy optimized database queries by 15%, improving responsiveness.
- The application integrates with the omdb API, gives the user CRUD operations and successfully managed 500+ movies during testing, demonstrating scalability.

Certifications

Learn TypeScript

Scrimba

April 2025

Certificate

Learn the fundamentals of TypeScript

Learn React

Scrimba

April 2025

Certificate

Master the Fundamentals of React

Advanced React

Scrimba

April 2025

Certificate

Mastered advanced concepts of React, including the utilization of React-router

Languages

English

Native

German

B2

Experience

Heizhaus

May 2024 - Mar 2025

Skateboarding Coach

Leipzig, Germany

- Coached **50+ students**, adapting lessons to different skill levels.
- Improved **communication and instructional clarity** through daily coaching in German..

Weg-Weiser Rundwagen

Oct 2023 - Dec 2023

Carpentry & Joinery Assistant

Breisach, Germany

- Built **10+ Hobbit Wagons**, applying precision and problem-solving in craftsmanship.
- Worked in a **team-focused** environment, meeting strict deadlines

Road King Caravans

Jun 2021 - Jan 2022

Caravan Repair Technician

Townsville, Australia

- Diagnosed and repaired **150+ caravans**, reducing turnaround time by **20%**.
- Optimized **inventory and workflow**, cutting delays by **30%** and improving efficiency.

MD Networks, Stelatel Communications, Trickey Excavations

Feb 2015 - Sep 2020

Civil Technician

Melbourne, Australia

- Installed and maintained **telecom infrastructure for 1,000+ homes**, ensuring 100% compliance.
- Diagnosed **network and hardware issues**, minimizing downtime and improving reliability.

Awards

Hackathon 1 Winner

Sept 2024

Masterschool

- Worked synergistically with a team of five, contributing to the development of an immersive trivia game named 'Who Wants to be a Trivia Master'.

Hackathon 2 Winner

Nov 2024

Masterschool

- Collaborated with a team of four to develop an innovative SMS-based application named "Whazzapp City", allowing users to receive information about events happening in their current city via text.
